WHAT MOVIES TEACH US

- * All bombs are fitted with electronic timing devices, which have large red read-outs to tell you exactly when it will go off.
- * All apartments in Paris overlook the Eiffel tower.
- * Should you need to pass yourself off as a German officer it will not be necessary to speak the language, a convincing accent will do.
- * Most lap top computers are powerful enough to override a bank security system or the communication system of an invading alien civilization.
- * 1 man shooting at 20 men has more chance of hitting them than 20 men shooting at 1 man...if he is the hero.
- * During a police investigation it will be necessary to visit a strip joint at least once.
- * Large studio-type apartments in big cities are affordable by single people with a low wage.
- * It doesn't matter if you are heavily outnumbered in a martial arts fight; your enemies will attack you one at a time while the others dance around you menacingly.

COLD WATER

A reporter went to interview a 105 year-old rancher living in a rustic cabin without running water or electricity. The two men sat and talked all night by lantern light. When the sun began to rise the old man offered to prepare breakfast.

Eager to see what a hundred plus years of living would do to a breakfast, the young man accepted. But the moment was tainted, when he noticed a greasy film on his plate.

Cautiously he asked, "Are these plates clean?"

The old man, raised an eyebrow and replied, "They're as clean as cold water can get them. Just you go ahead and eat your meal, Sonny!"

The interview continued into the noon hour and when time came for lunch the reporter carefully eyed his plate, again noticing the greasy film. Voicing his concern again he said,

"Are you sure these plates are clean?"

Without looking up the old man said, "I told you before, Sonny, those dishes are as clean as cold water can get them. I don't want to hear another word about it!"

Later, as the sun was going down, the reporter ended the interview. As he was walking towards his car, the reporter was stopped by a growling dog. The dog, snarled, and wouldn't let him pass. The reporter yelled out, "Old man, your dog won't let me get to my car".

Without turning his head, the old man shouted,

"COLDWATER, GO LAY DOWN!"

Moments in time

THE HISTORY CHANNEL

* On June 16, 1858, newly nominated senatorial candidate Abraham Lincoln told more than 1,000 delegates at the Illinois Republican Convention in Springfield that the nation was facing a crisis that could destroy the Union, paraphrasing a New Testament passage when he warned that "a house divided against itself cannot stand."

* On June 17, 1976, the National Basketball Association announced a merger with its rival, the American Basketball Association, and took on the ABA's four most successful franchises: the Denver Nuggets, the Indiana Pacers, the New York (later Brooklyn) Nets and the San Antonio Spurs.

* On June 18, 1178, five badly frightened monks in Canterbury, England, witnessed an explosion on the moon's surface after the sun had set. As their abbey's chronicler described it, "A flaming torch sprang up, spewing out ... fire, hot coals and sparks." The moon, he marveled, "throbbed like a wounded snake."

Fun Fact

THE LORD YOUR GOD IS GOD IN HEAVEN ABOVE AND ON THE EARTH BELOW - JOSHUA 2:11

* On June 19, 2014, two weeks after he abdicated the Spanish throne amidst low approval ratings, King Juan Carlos I removed his red sash, symbolic of his status as the leader of the Spanish military, and draped it around the waist of his son, 46-year-old Crown Prince Felipe, completing his official transfer of power.

* On June 20, 1981, four Dutch studio musicians recording under the name Stars on 45, who sounded uncannily like the Beatles, made it to the top of the U.S. pop charts with their single titled "Medley: Intro Venus/Sugar Sugar/No Reply/I'll Be Back/Drive My Car/Do You Want To Know A Secret/We Can Work It Out/I Should Have Known Better/Nowhere Man/You're Going To Lose That Girl/Stars On 45."

* On June 21, 1913, aviatrix Georgia "Tiny" Broadwick, who stood just four feet, eight inches tall and weighed 80 pounds, became the first woman to parachute from a plane. On the way up, she was suspended from a trap seat outside the cockpit, with her parachute on a shelf above her.

* On June 22, 1953, a Brooklyn newsboy received an unusual nickel in payment. Upon dropping it on the ground he discovered it was hollow and contained a tiny photo of coded numbers. His discovery led the FBI to a Soviet spy named Rudolf Abel.

It's one my most favorite things to talk about. Automatic Income.

Often called Referral Income or Affiliate Income. It's money paid to you for telling others and referring various products or services.

You act like a promoter and get paid when you put forth the effort. When a person or business makes a purchase through your referral link, you get paid.

Most of the time these payments come to you in the form of digital currency such as PayPal or dumped directly into your bank account. Some companies are even starting to pay with crypto. I have not yet taken any crypto payments, but I'm still young. :-)

There's nothing better than opening up your email or bank app and seeing new money pouring in. For referral affiliates, this happens multiple times a month.

I'm on a quest to help countless people experience the thrill of getting those monthly commission payments.

Make Money On Purpose

"Recurring Income Revisited" with Mike Lamb

That's why I created the Moneyroom Portal. It's not just a website, it's a hub for creating automatic referral income for anyone.

We identified & vetted 15 high-paying online business services that are not only growing rapidly, but also paying referral partners really well.

When you add our affiliate program, that's 16 sources of automatic income all in one place to promote.

Each Moneyroom Portal owner also receives access to training and a cool community of people helping each other.

Imagine have 16 new sources of fully automated recurring income bringing you monthly and annual commission payments like clockwork.

You can see everything you get with yours at MoneyroomPortal.com

Our long term mission is to activate 50,000 of these income-producing web portals. With an annual commission of \$300 that means we have to potential to pay out \$15,000,000 in referral commissions every year, and for years to come.

You can easily consider this found money. Do you know anyone that might be interested in having a chunk of that revenue?

The portal is designed to educate visitors on the virtues and benefits of working from home and being independent. Earning you monthly recurring income in the process.

Got questions? Drop me an email at moneyroomuniverse@gmail.com or call 480-349-7842. Looking forward to helping as many people as possible.

VETERANS ★ POST ★

by Freddy Groves

THE MONSTERS AMONG US

Just when you think you've seen it all and that you're basically shockproof, along comes something that makes you wonder how people can do the things they do.

Take the guy who collected years of VA benefits belonging to his uncle. As bad as that is, it's only the tip of the iceberg. The criminal was the caregiver for his uncle, who had severe physical disabilities and was often locked in the garage without access to food or a bathroom.

The criminal pocketed the over \$9,000 per month in disability compensation, as well as the Social Security the uncle received. Then, when the uncle died, the thief didn't let anyone know, telling relatives the uncle went to live in a nursing home. That left him free to continue to collect the money and spend it on a lavish lifestyle, vacations, reptiles and, apparently, shotguns -- despite being a convicted felon who could not own guns.

When the scheme fell apart, after relatives started hunting for the nursing home and their family member, police found the body of the uncle in a garbage can in the shed in the backyard. He'd been dead for probably five years. Can you imagine? I can't.

There are questions, of course. How was a convicted felon given custodial rights over a disabled veteran, not only his care but his finances? Was the felon not investigated as a fiduciary to manage all that money, with requirements to send reports and answer questions about the veteran?

Where was the family who hadn't seen or talked to their relative since 2018? Did they not visit or at least call on the phone? Did the VA not check the veteran in person at least once? Were there no mandatory physical exams to verify that the disability level and benefits were still appropriate? No calls on the phone?

Several balls were dropped during this veteran's life, by family, by neighbors, by the VA. I cannot believe no one checked on him.
