COURTING AGE

Six matronly women living in the same apartment building
fell into a dispute of such magnitude that it resulted in their
being hauled, collectively, into court.

When the case was called, they all made a
concerted rush for the bench and, reach-
ing it, each broke into bitter complaints
about the others at the same moment.

The judge sat momentarily stunned, as
charges and countercharges filled the air.
Suddenly he rapped for order.

When quiet was restored, the magistrate
said, "Now, I'll hear the oldest one of you
first."

That's when they all agreed to drop the case.

A SAYING

Back in the 1800's the Tates Watch Company of Massa-
chusetts wanted to produce other products and, since they
already made the cases for pocket watches, decided to mar-
ket compasses for the pioneers traveling
west.

It turned out that although their
watches were of finest quality,
their compasses were so bad that
people often ended up in Canada or
Mexico rather than California.

This, of course, is the origin of
the expression; "He who has a
Tates is lost!"

Moments in time THE HISTORY CHANNEL

* On March 25, 2017, the world's largest banana split made its debut in Innisfail, Australia. Concocted with 40,000 bananas, it stretched for an astounding 5 miles long. No word on the number of calories it contained.

* On March 26, 1971, East Pakistan declared its independence from Pakistan, forming Bangladesh, which started an eight-month-long war between Pakistan and the newly-formed state. As many as 3 million people lost their lives in the conflict.

* On March 28, 1949, English astronomer Fred Hoyle coined the term "Big Bang" during a BBC radio interview, though he also refuted the scientific theory, remarking in a later interview with the network that "the reason why scientists like the 'big bang' is because they are overshadowed by the Book of Genesis. It is deep within the psyche of most scientists to believe in the first page of Genesis."

THE GREATEST THING THAT WE CAN DESIRE, NEXT TO THE GLORY OF GOD, IS OUR OWN SALVATION

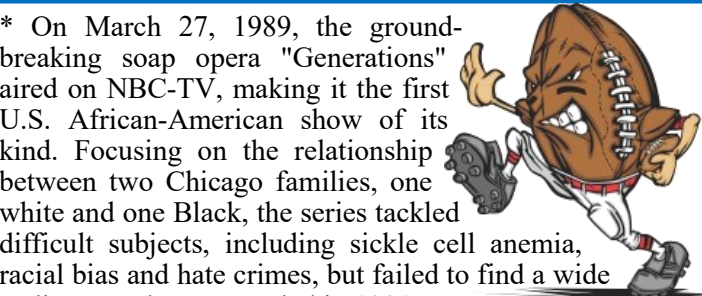

* On March 27, 1989, the ground-breaking soap opera "Generations" aired on NBC-TV, making it the first U.S. African-American show of its kind. Focusing on the relationship between two Chicago families, one white and one Black, the series tackled difficult subjects, including sickle cell anemia, racial bias and hate crimes, but failed to find a wide audience and was canceled in 1991.

* On March 29, 1984, the city of Baltimore refused to replace its antiquated stadium, so the owner of the Baltimore Colts decided to up and leave the state. The team loaded up all their equipment into 15 trucks, moved to Indiana, and re-named themselves the Indianapolis Colts.

* On March 30, 1842, inhaled sulfuric ether was used as an anesthetic for the first time, by American surgeon Crawford Williamson Long, the first obstetric anesthetist, in Athens, Georgia. Long was also a cousin of Western legend Doc Holliday, and may have operated on Doc's cleft lip.

* On March 31, 1923, the first dance marathon took place in New York City, with dance instructor Alma Cummings setting a new record at the Audubon Ballroom by hoofing it for 27 hours with six different partners. In just three weeks, her feat would be surpassed at least nine times across the U.S.

STRESS MANAGEMENT

Just in case you're having a rough day, here's a stress management technique recommended in all the latest psychological journals. The funny thing is that it really does work.

First, picture yourself lying on a warm rock that hangs out over a crystal clear stream. Then, picture yourself with both your hands dangling in the cool running water.

Fluffy white clouds go scudding across a blue sky. As a slight breeze blows gently over your skin, Sunlight filters through the trees, tracing soft wavering patterns of light playfully across your closed eyes.

There are no phones, no faxes, no clocks. You and your inner person exist in perfect harmony. You are in total seclusion from that hectic place called *the world*. The birds are sweetly singing in the cool mountain air

And as the soothing sound of a gentle waterfall fills the air with a cascade of serenity, you realize you are holding someone under water.

The crystal clear water makes it easy to see a face. It is the face of the person who stressed you out so badly in the first place...

Strange BUT TRUE

By

* In a process called rice-fish culture, Indonesian farmers introduce fish into their rice fields so the fish droppings will act as fertilizer. In turn, the fish also eat harmful insects and improve oxygen circulation, increasing crop yields by up to 10%.

* The people who falsely claimed the copyright to the "Happy Birthday to You" song made \$2 million a year for decades, until the song was ruled to be in the public domain.

* A man who had received the transplanted heart of a suicide victim married the donor's widow and took his own life in the exact same way as the donor did.

* After two thieves in England broke into a man's house and made off with his laptop, they found child abuse material on the device and took it to the police. The pedophile received a sentence of three years in prison, while the thieves were given 12 months of community service in light of their "good deed."

* During his presidency, John F. Kennedy refused to take his salary of \$150,000 per year, instead donating the entire amount to charity.

* Who says cats don't care? After one feline owner survived a series of strokes, he tried to train the animal to dial 911. While he wasn't sure at first that the attempt would pay off, after he fell from his wheelchair following a seizure, police received a silent emergency call from his home and arrived to find him incapacitated and his cat next to the phone.

* Hundreds of people die each year from shoveling snow.

* Loneliness poses a greater risk to one's health than obesity.
