MY DOCTOR IS SO GOOD THAT...

* If you tell him you want a second opinion, he will go out of the room and come in again.

* While he was talking to me his nurse came in and said, "Doctor, there is a man here who thinks he is invisible." The doctor said, "Tell him I can't see him."

* Another time a man came running in the office and yelled, Doctor,, my son just swallowed a roll of film." The doctor calmly replied, "Let's just wait and see what develops."

* One patient came in and said, "Doctor, I have a serious memory problem." The doctor asked, "When did it start?" The man replied, "When did *what* start?"

* I remember one time I told my doctor I had a ringing in my ears. His advice: Don't answer it.

* My doctor sure has his share of nut cases. One said to him, "Doctor, I think I'm a bell." The doctor gave him some pills and said, "Here, take these if they don't work, give me a ring."

* When I told my doctor I broke my leg in two places, he told me to stop going to those places.

Moments in time THE HISTORY CHANNEL

* On April 16, 1964, The Rolling Stones' debut album, "The Rolling Stones," issued in the U.S. as "England's Newest Hit Makers," was re-released. The band consisted of lead singer Mick Jagger, rhythm guitarist Brian Jones, lead guitarist Keith Richards, bassist Bill Wyman and drummer Charlie Watts.

* On April 15, 1945, British troops liberated the German Bergen-Belsen concentration camp, where they discovered thousands of rotting corpses, and many more thousands of sick and starving prisoners confined to severely overcrowded and dirty compounds. The prisoners were suffering from acute typhus, typhoid and tuberculosis due to a lack of running water. More than 30,000 others had died in the previous months, many from typhus, but even more from starvation.

* On April 17, 1985, the U.S. government announced a campaign to increase organ donation awareness with the hope of making the procedure as widespread as donating blood, following similar campaigns from other countries around the world as organ transplants became more common.

THE LORD IS RIGHTEOUS, JUST AND SOVEREIGN ; THE UPRIGHT WILL KNOW TO SEEK HIS PRESENCE

* On April 18, 1997, major floods in Grand Forks, N.D., caused by the Red River's breaching a dike, necessitated the evacuation of 50,000 residents from their homes. In some areas, only the roofs of their houses were visible.

* On April 19, 1897, the world's oldest annual marathon run took place for the first time. Today the Boston Marathon ranks among the world's most prestigious road racing events, with an average of 20,000 participants, and is one of five members of the World Marathon Majors, which also include the cities of London, Berlin, Chicago and New York.

* On April 20, 2008, Pope Benedict XVI visited Ground Zero in New York, the scene of the Sept. 11, 2001, attacks on the city's Twin Towers, at the end of his six-day tour of America. He greeted survivors, fire and police workers, and relatives of some of the 2,749 people who died at the scene, and prayed for the rescuers and victims, as well as "those whose hearts and minds are consumed with hatred," before celebrating Mass at New York's Yankee stadium.

* On April 21, 1918, Baron Manfred von Richthofen, the German ace pilot popularly known as the "Red Baron" and credited with 80 confirmed air combat victories, was killed in action during World War I.

NEW RULES FOR BOWLING

If you holler "overs!" before the ball passes the arrows, you get to throw the ball over, unless of course, you get a strike. In which case, you can renege on the "overs".

When you leave the 10-pin and you know you can't make the spare, but another member of your team can, invoke the "Designated Bowler" rule.

After you have 4 splits in one game, you may say "Kings X" and take those 4 frames over. However, if you split on the 2nd time around, you accept it. After all, "Fair is Fair".

If your ball goes in the gutter and jumps back onto the lane, knocking down pins, by golly, you get them! That's much harder than to knock them down the conventional way. Good bowling should be recognized.

A ball should be declared dead when you bowl 3 games without a strike. It shall be the owners privilege to decide on the disposition of said dead ball - Burial at Sea, dropped from an airplane over a live volcano, or a simple burial in a city park. For a small fee, a league officer can be bribed to deliver a short eulogy.

Strange BUT TRUE

By
Lucie
Winbourne

- * The FBI dubbed Ted Kaczynski "The Unabomber" because his early mail bombs were sent to universities (UN) and airlines (A).
- * The human body emits visible light, but it's not visible to the naked eye.
- * Modern brunch was first proposed in 1895 as a post-hangover meal.
- * Quetzalcoatlus, the largest known flying animal, was as tall as a giraffe and may have used its powerful forelimbs to pole-vault into the sky.
- * Cathay Williams became the first African-American woman to serve in the U.S. Army in 1866. Since women were barred from joining the military at the time, she enlisted as a man under the pseudonym William Cathay.
- * In Australia, weed whackers are called whipper snippers.
- * Beaver College changed its name to Arcadia in 2001, partly because anti-porn filters blocked access to its website.
- * President Thomas Jefferson hated formal affairs so much that he would often greet foreign dignitaries in his pajamas.
- * Newborn babies have nearly 100 more bones than full-grown adults.
- * The Antikythera mechanism, discovered by sponge divers in 1900, is sometimes called the world's first analog computer. Designed to calculate dates and predict astronomical phenomena, it was so advanced nothing surpassed it for nearly 1,500 years.
- * Some libraries have been known to use extraordinary measures to ensure titles remained on shelves. A notable example is Marsh's Library in Dublin, Ireland, where in the 1800s, visitors desiring to peruse rare books were locked in cages until they finished reading!
- * As astronauts spend months traveling to Mars, their eyeballs may change shape. Some scientists believe that's due to the pressure from fluids that won't drain from their heads, thanks to the low-gravity environment.

Thought for the Day: "If we open a quarrel between past and present, we shall find that we have lost the future." --
