### MAYBE TAKE UP KNITTING?

Canadians love hockey, but it got too violent for one woman, so she moved to the U.S. Now she's waiting for football season to begin!

### MAYBE TAKE UP KNITTING #2

A man, never having left his home town, decided to travel. Ten minutes after he checked in the front desk received a frantic phone call "Help! I don't know how to get out of my room!"

Bewildered, the desk clerk asked, "What do you mean?"

"There are only three doors. One opens the bathroom, another opens the closet and the third has a 'do not disturb' sign on it..."

### MAYBE TAKE UP KNITTING #3

Two Americans went deer hunting in Canada. For days the duo tracked a deer, but they could never catch up with it.

They never realized that they were on a wild moose chase.

## Moments in time

THE HISTORY CHANNEL

\* On May 5, 1945, Elsie Mitchell and five neighborhood children were killed while attempting to drag a Japanese balloon out of the woods. The balloon was armed and exploded soon after they began tinkering with it. They were the only known American civilians to be killed in the continental United States during World War II.

\* On May 6, 2013, Michelle Knight, Amanda Berry and Gina DeJesus were rescued from a Cleveland, Ohio, house where they'd been held captive for years by their abductor, Ariel Castro. Also rescued from the house was Berry's 6-year-old daughter, who was fathered by Castro.

\* On May 7, 1824, Ludwig van Beethoven's Ninth Symphony premiered in Vienna even as the composer was suffering from severe hearing loss. The performance earned him five standing ovations and also caused a stir with its use of voices during "Ode to Joy" in its final movement.

ANYONE WHO KNOWS THE TRUTH OF GOD'S EXISTENCE IS AWARE OF THEIR OWN SIN

\* On May 8, 1886, the first-ever serving of Coca-Cola, created by Dr. John Pemberton, advertised as a health tonic and originally including coca leaf extract, made its debut at Jacob's Pharmacy in Atlanta, Georgia. While it originally sold at the rate of about nine glasses per day, by its 50th anniversary it had become an American icon.

\* On May 9, 1671, Thomas "Colonel" Blood, disguised as a priest, was captured while attempting to steal the Crown Jewels from the Tower of London. Remarkably, King Charles II was impressed enough by Blood's nerve that he restored the would-be thief's Irish estates and even made him a member of the royal court, with an annual pension.

\* On May 10, 1970, Boston Bruins star Bobby Orr slipped the winning goal past St. Louis Blues goaltender Glenn Hall during Game 4 of the Stanley Cup final, then leaped into the air before landing flat and sliding into the embrace of his teammates -- a moment immortalized by photographer Ray Lussier, whose image remains one of the most famous sports photographs in history.

\* On May 11, 1987, Klaus Barbie, former Nazi Gestapo chief of German-occupied Lyon, France, went on trial in Lyon and was charged with 177 crimes against humanity. Convicted two months later, he died of cancer in a prison hospital in 1991.

Find at least six differences in details between panels.

Differences: 1. Eyes are different. 2. Hat is larger. 3. Label is different. 4. Door is not as wide. 5. Name on door is lower. 6. Tie is thinner.

Knowing that I make my living online, people are always asking me, "Mike, what's the next big thing? My response has always been to tell them whatever digital product is trending and making waves.

These days I'm referring people to a new digital service that is already creating an uproar across the Internet. Specifically designed to help people create monthly recurring income, it's a site that does so much more. A complete online business.

It's called **The Moneyroom Portal**. It's a simple way for anyone to promote 15 of the hottest, most trending digital products and services while **earning income from seven different methods, all on autopilot**.

The portal itself is totally brandable for a person or business. It features daily and weekly content updates to keep the site fresh. There's also giveaways and email marketing aspect to help portal owners build their own email list from website visitors. There's real genius in this idea.

## Make Money On Purpose

### "Moneyroom Portal" with Mike Lamb

**The Moneyroom Portal** is a shining beacon for anyone looking to build one or more income streams online.

In addition to earning from digital products and services promoted on the site, the portal itself is an income source with a unique and exciting referral program. **Once you've bought your Moneyroom Portal, you're an instant affiliate** who is paid \$400 for the first year, and \$200 in annually recurring commissions.

With 50,000 people expected to grab a Moneyroom Portal in the first 18 months, there's **a potential 10 million dollars in first year commissions** just waiting to be paid to first round portal owners.

With an uncertain economy expected for at least the next 3 to 4 years, The Moneyroom Portal sounds like a smart

way to build supplemental and recurring income using online promotion and social media.

**The Moneyroom Portal** is a great way for anyone to earn extra income for a business or household. **No specific knowledge or skills are needed.** The portal is built on a platform with easy to use, drag & drop technology. Lessons are simple and easy to understand, plus there's weekly and ongoing support if you get stuck.

The Moneyroom Portal is just getting underway with their national launch. Going global soon which means even more of those commissions for portal owners.

If you like to know more about how you can earn and profit from this exciting and unique income cash-getting opportunity, visit [MoneyroomPortal.com](http://MoneyroomPortal.com). Stay tuned. We'll be sharing many more tips right here.

\* Over the course of her 63-year reign, Britain's Queen Victoria survived no fewer than eight assassination attempts.

\* Like humans, male kangaroos flex their biceps to impress females.

\* The word "sock" comes from the Latin word "soccus" -- a loose-fitting slipper worn by Roman comic actors.

\* In Europe, nickel is banned in all alloys for widespread allergy reasons.

\* Studies have suggested that gifted people often have bad handwriting because their brains work faster than their hands.

\* The New York Times predicted that humans wouldn't be able to fly for at least a million years ... in 1903, the same year as the Wright brothers' first manned flight.

\* Alexandre Dumas used a particular shade of blue paper on which to write his fiction. For poetry, he used yellow paper, and his articles were penned on pink paper. Once, he ran out of blue paper and had to use a cream-colored pad instead, which he believed had a negative impact on that work of fiction.

\* The first American alarm clock was invented in Concord, New Hampshire, in 1787 by Levi Hutchins. It was never patented and rang only at one time, 4 a.m., to rouse him for work.

\* Raspberries are a member of the rose family.

\* Despite creating some of the most legendary guitars in the world, LEO Fender, the founder of Fender, Music Man and G&L Guitars, couldn't actually play the instrument.

\* The pressure in a champagne bottle is three times higher than that of a car tire.

\* When in danger, a hairy frog will break its own bones in order to create claws that it pushes through its skin to scratch a predator.
