### WHAT MOVIES TEACH US

\* All bombs are fitted with electronic timing devices, which have large red read-outs to tell you exactly when it will go off.

\* All apartments in Paris overlook the Eiffel tower.

\* Should you need to pass yourself off as a German officer it will not be necessary to speak the language, a convincing accent will do.

\* Most lap top computers are powerful enough to override a bank security system or the communication system of an invading alien civilization.

\* 1 man shooting at 20 men has more chance of hitting them than 20 men shooting at 1 man...if he is the hero.

\* During a police investigation it will be necessary to visit a strip joint at least once.

\* Large studio-type apartments in big cities are affordable by single people with a low wage.

\* It doesn't matter if you are heavily outnumbered in a martial arts fight; your enemies will attack you one at a time while the others dance around you menacingly.

## Moments in time

THE HISTORY CHANNEL

\* On June 16, 1858, newly nominated senatorial candidate Abraham Lincoln told more than 1,000 delegates at the Illinois Republican Convention in Springfield that the nation was facing a crisis that could destroy the Union, paraphrasing a New Testament passage when he warned that "a house divided against itself cannot stand."

\* On June 17, 1976, the National Basketball Association announced a merger with its rival, the American Basketball Association, and took on the ABA's four most successful franchises: the Denver Nuggets, the Indiana Pacers, the New York (later Brooklyn) Nets and the San Antonio Spurs.

\* On June 18, 1178, five badly frightened monks in Canterbury, England, witnessed an explosion on the moon's surface after the sun had set. As their abbey's chronicler described it, "A flaming torch sprang up, spewing out ... fire, hot coals and sparks." The moon, he marveled, "throbbed like a wounded snake."

THE LORD YOUR GOD IS GOD IN HEAVEN ABOVE AND ON THE EARTH BELOW - JOSHUA 2:11

\* On June 19, 2014, two weeks after he abdicated the Spanish throne amidst low approval ratings, King Juan Carlos I removed his red sash, symbolic of his status as the leader of the Spanish military, and draped it around the waist of his son, 46-year-old Crown Prince Felipe, completing his official transfer of power.

\* On June 20, 1981, four Dutch studio musicians recording under the name Stars on 45, who sounded uncannily like the Beatles, made it to the top of the U.S. pop charts with their single titled "Medley: Intro Venus/Sugar Sugar/No Reply/I'll Be Back/Drive My Car/Do You Want To Know A Secret/We Can Work It Out/I Should Have Known Better/Nowhere Man/You're Going To Lose That Girl/Stars On 45."

\* On June 21, 1913, aviatrix Georgia "Tiny" Broadwick, who stood just four feet, eight inches tall and weighed 80 pounds, became the first woman to parachute from a plane. On the way up, she was suspended from a trap seat outside the cockpit, with her parachute on a shelf above her.

\* On June 22, 1953, a Brooklyn newsboy received an unusual nickel in payment. Upon dropping it on the ground he discovered it was hollow and contained a tiny photo of coded numbers. His discovery led the FBI to a Soviet spy named Rudolf Abel.

### HOCUS - FOCUS

BY  
HENRY BOLTINOFF

Find at least six differences in details between panels.

Differences: 1. Boy is taller. 2. Sweater is shorter. 3. Window is lower. 4. Woman is taller. 5. Elbow patch is added. 6. Bush is not as tall.

**It's one my most favorite things to talk about. Automatic Income.**

Often called Referral Income or Affiliate Income. It's money paid to you for telling others and referring various products or services.

You act like a promoter and get paid when you put forth the effort. When a person or business makes a purchase through your referral link, you get paid.

Most of the time these payments come to you in the form of digital currency such as PayPal or dumped directly into your bank account. Some companies are even starting to pay with crypto. I have not yet taken any crypto payments, but I'm still young. :-)

There's nothing better than opening up your email or bank app and seeing new money pouring in. For referral affiliates, this happens multiple times a month.

I'm on a quest to help countless people experience the thrill of getting those monthly commission payments.

## **Make Money On Purpose**

**"Recurring Income Revisited" with Mike Lamb**

That's why I created the Moneyroom Portal. It's not just a website, it's a hub for creating automatic referral income for anyone.

We identified & vetted 15 high-paying online business services that are not only growing rapidly, but also paying referral partners really well.

When you add our affiliate program, that's 16 sources of automatic income all in one place to promote.

Each Moneyroom Portal owner also receives access to training and a cool community of people helping each other.

Imagine have 16 new sources of fully automated recurring income bringing you monthly and annual commission payments like clockwork.

You can see everything you get with yours at [MoneyroomPortal.com](http://MoneyroomPortal.com)

Our long term mission is to activate 50,000 of these income-producing web portals. With an annual commission of \$300 that means we have to potential to pay out \$15,000,000 in referral commissions every year, and for years to come.

You can easily consider this found money. Do you know anyone that might be interested in having a chunk of that revenue?

The portal is designed to educate visitors on the virtues and benefits of working from home and being independent. Earning you monthly recurring income in the process.

Got questions? Drop me an email at [moneyroomuniverse@gmail.com](mailto:moneyroomuniverse@gmail.com) or call 480-349-7842. Looking forward to helping as many people as possible.

\* According to legend, and the official story from Nathan's, four immigrants held the first hot dog eating contest at Nathan's Famous stand on Coney Island on July 4, 1916, to prove who was the most patriotic.

\* Koala bears have no sweat glands, so they cool themselves by licking their arms and stretching out as they rest in trees.

\* Asbestos used to be a common sight on film sets. The carcinogenic mineral was a common substitute for snowflakes in film-making until shortly after World War II.

\* When it comes to wine, and Sauvignon Blanc in particular, a cat pee-like aroma is often indicative of a high-quality vintage.

\* Inazawa Grand Bowl bowling center in Japan is the world's largest bowling alley, with 116 lanes.

\* Mars' dust storms, the planet's defining weather feature, are the largest in the solar system and can last for months.

\* Despite producing 95% of the world's bourbon supply, Kentucky's official drink is milk.

\* A museum in Helsinki, Finland, has been infested with *Loxosceles laeta*, venomous recluse spiders, that originally came from South America. The spiders are extremely resistant to attempts to kill them, and no one knows who imported them.

\* The average person can only hear sounds up to 20 kHz, but a violin string can vibrate at frequencies of up to 100 kHz.

\* A male cheetah can cause a female cheetah to ovulate by barking at her.

\* No matter how hot your summer day feels, you won't actually be able to cook an egg on a sidewalk. That's because you'd need a temperature of at least 158 F, and the highest recorded only reached 131 F. Besides that, concrete isn't a good heat conductor.
